

Dear CDW LEA Trainers,

The CEDARS team would like to share two items of interest today.

- The NC WISE Coordinators' Summer Update will be held July 30 – 31, 2012. Why is this important to you? NC WISE has a large user population. The CEDARS team has been invited to attend and will be discussing the CEDARS Data Warehouse and other data initiatives. If interested in the NC WISE Coordinators Summer Update visit http://www.ncwise.org/2012_Summer_Update.html for session descriptions and webinar links.
 - Prior to the NC WISE Coordinators' Summer Update, please verify your Security Officer and LEA Trainer contact information is correct. Please have your updated information submitted to the CEDARS-info@dpi.nc.gov mailbox no later than close of business July 26, 2012. As a reminder, in order for LEAs to access the CDW, a Security Officer must be in place. If your LEA does not have a Security Officer, visit the CDW Account Registration page at: <http://www.ncpublicschools.org/cedars/reporting/registration/> for detailed instructions.
- The LEA Trainers CDW wiki is open. Expect an invitation from Wikispaces in the next few business days. The CEDARS Team will moderate discussions and contribute to content, however, this wiki is intended to be used and further developed by the CEDARS LEA Trainer community.

If you have questions regarding the CEDARS Data Warehouse, please contact cedars-info@dpi.nc.gov for assistance.

Thank you,
